19 Cub Scout Elective Adventures to be Retired Effective May 31, 2022

Every year Cub Scout Adventures are reviewed to identify trends and determine interests of our youth, den leaders and Cub Scout families. In our ongoing efforts to keep the Cub Scouting Adventure program relevant to today's families, Cub Scout elective Adventures are reviewed for both content and popularity. The most recent review has identified 19 elective Adventures that do not meet the standards of youth and den leader engagement, with the lowermost being earned by less than 3% of eligible youth. They will be retired effective **May 31, 2022**. The retiring of these adventures allows Cub Scouting to be more agile as we make continuous improvements to the program.

We know that some families may want one last chance to earn these Adventures. Some den leaders may have already made plans for the upcoming program year. To help with transition, these Adventures will be available until the end of 2021-2022 program year.
