

Family Assistance Request

Every Scout should be given an opportunity to take part in Scouting. The Family Assistance Program has been established so Scout families in need will find Scouting within reach. As with all Scouting programs, it is based on the time-honored principle that ***an individual Scout earns his own way***. However, not every Scout and/or Scout family is able to or has the resources to be able to participate in Scouting. The money made available through the Family Assistance program is intended to make Scouting available to these families.

This Request **may only be used by Scouts and Explorers registering with Patriots' Path Council**. This program is designed to cover the cost for **the uniform shirt, Cub or Scout Handbook, Boys Life Magazine (if the unit is on record as 100% Boys' Life), registration costs, insurance costs, and activity fees**. However, the costs associated with **participation** in any unit or Council activity is not covered by this program. All awards are subject to the availability of funds through the current year. If your application is approved, a confirmation letter will be sent with further instructions.

All assistance will be based on need. Scouts are expected first to raise what funds they can from work, savings, family support, fundraising, and unit contributions.

Please write a one-paragraph statement on the back of this form, explaining the financial need and/or special circumstances surrounding your request for assistance. (A parent may provide this explanation for younger Scouts.)

The family assistance request must be submitted with the youth application for new Scouts or with the re-charter paperwork for returning Scouts.
