

Methods for Conducting Eagle Scout Boards of Review

Eagle Scout boards of review in the Patriots' Path Council are administered by the Eagle candidate's unit committee, chaired by the candidate's District Advisor. (If unavailable, the District Advancement Chair may designate another district leader to act as chair.) Appeals of unit board of review decisions are carried out first at the district level, and appeals of a negative district decision are carried out at the council level. Eagle Scout Boards of Review under disputed circumstances are held at the district level.
