If the nominee's field has been within a business or corporation, include:

- Chronological listing of positions held, indicating career growth and noteworthy contributions to corporate mission or objectives
- A description of the nominee's present responsibilities

If the nominee's career has been within a field, i.e., education, law, medicine, sports, indicate:

- Educational preparation
- How he has achieved distinction, not only through his practice but in the contributions made beyond his practice to further his field, i.e., election to an office in a state or national society, authorship of books or articles in professional journals, new procedures/laws that he was instrumental in developing

Note: Please provide details about specific achievements.

Additional Information: List awards, honors, or other information pertinent to the nominee's accomplishments as related to his chosen field.

Requirement 3: Through the years, it has been established that a nominee should also have a strong record of voluntary service to the Patriots' Path Council and his community. This is in addition to his achievement of a distinguished career, not in place of one.

Care must be taken in listing service that is truly meaningful. Membership in an organization in and of itself is not meaningful. Committee or board membership might not be meaningful unless the individual makes a major impact on the success of a project or program. Additional information: List awards, honors or other information pertinent to the nominee's accomplishments in his community service.
