

2020 Cub Scout Backyard Challenge

Plant a Seed

Category: Nature

Difficulty: Easy

Description:

A backyard summer adventure needs some seed planting, doesn't it?

So let's get growing! Below are some websites with directions on how to make some interesting pots from egg cartons, toilet paper rolls and juice or milk containers.

You will need to find some soil and some seeds. What kind of seeds can you find to plant? Some ideas are herbs, (like basil, chives or parsley) flowers (like marigolds or sunflowers) or vegetables (like peas or lettuce)

Make sure you have completed your Cub Scout Cyber Chip for your age <https://www.scouting.org/training/youth-protection/cyber-chip/> and you get a parent's permission before exploring ideas at these websites.*

*These sites are blogs with lots of popups and ads. None of these are associated with Scouts BSA, and we will NOT receive any money from these.

Give planting seeds a try! Send a picture of you planting, and then when they sprout, send a follow up picture!

Prepared. For Life.™
