November Safety Moment

WINTER ACTIVITIES SAFETY

Use the “C-O-L-D” method to stay warm

•**C=Clean:** keep your insulating layers clean and fluffy. Dirt, grime, and perspiration can mat down those air spaces and reduce the warmth of a garment.

•**O=Overheating:** Avoid overheating by adjusting the layers of your clothing to meet the outside temperature and the exertions of your activities. Stay hydrated by drinking plenty of water, and refrain from drinking caffeinated drinks that act as diuretics.

•**L=Loose layers:** A steady flow of warm blood is essential to keeping all parts of your body heated. Wear several loosely fitting layers of clothing and footwear that will allow maximum insulation without impeding your circulation. Having clothing that is brightly colored (orange or red) is also a good idea, so hunters and sportsmen can see you in snowy conditions. Always have a hat and wear it.

•**D=Dry:** Sweaty, damp clothing and skin can cause your body to cool quickly, possibly leading to frostnip and hypothermia. Keep dry by avoiding clothes that absorb moisture. Always brush away snow on your clothes before you enter a heated area. Keep clothing around your neck loosened so that body heat and moisture can escape instead of soaking through your layers.

WINTER SPORTS SAFETY

Here are a few key points that can help you safely have fun during your winter activities outdoors.

1. Activities should be supervised by mature and conscientious adults.
2. Participants should be aware of the potential dangers of any winter sport, and leaders should stress incident prevention by emphasizing proper technique.
3. Help participants understand the need for using appropriate personal protective equipment such as helmets for sledding, snowboarding, and skiing.
4. Winter sports are more physically demanding. Leaders and youth should be physically fit and capable to participate.
5. Be sure equipment fits each person properly.
6. During sledding, make sure the hill is safe and free of obstacles. Keep sledding paths and participant return paths separate from each other.
7. Talk about and gain support for the basic rules for the activity ... before it begins.

Membership Incentives

**Incentives have ended
Complete your submissions
Form closes Fri, Nov 4**

**All applications, fees, and
rosters should be submitted**

**COUNCIL
ALUMNUS OF THE
YEAR AWARD**

2023 Recharter

- Charter deadline is **December 31st**
- Recharter – **Next Steps**
 - All paper applications & payments should be submitted to Javier Juarez **BEFORE** you start your recharter process
 - Recharter: <https://advancements.scouting.org>
