

The Nova Award process takes place within your unit.

1. Decide to do it!
2. Unit Committee appoints a Nova Counselor.
3. Nova Counselor becomes familiar with the program and begins inspiring the scientists and engineers of tomorrow!
4. Plan. Working the unit leadership, Nova Counselor plans a course for individual Scouts or small groups to complete an Award.
5. Do It! Complete the requirements.
6. Buy emblems and pi piece devices at the Scout Shop.
7. When the Nova Counselor is satisfied all the requirements have been met, present the emblem (or the pi piece device for the 2nd, 3rd, or 4th Award) at that meeting
8. Recognize at Court of Honor/B&G.
 - NOTE: Cubs/Scouts can work on Nova Awards individually or in dens/patrols. A Troop/Pack-level group may be too large for the Scouts to actively participate, which is, of course, a key component of any Scouting activity.
 - Paperwork: Report with other advancements.
