

2020 Cub Scout Backyard Challenge

Take a Hike

Category: Health & Fitness

Difficulty: Intermediate

Description:

Taking a hike is a chance to use what you learned in some of the other boxes in the Backyard Cub Scout Summer Challenge

Look for these boxes:

- Cub Scout 6 Essentials
- Basic First Aid
- Make Trail Mix
- Outdoor Ethics
- Learn the Outdoor Code
- Backyard Plant ID
- Bird Flyways

What is the difference between taking a hike and taking a walk? It's hard to say, really.

But if you have already taken a walk that seems easy, why not find a trail that seems more challenging (maybe longer) or through a different area than you usually take a walk?

Let us know where you go and what you see. Share a photo or a drawing.
